WOMEN'S OLYMPIC 100M ASTROLOGY DATASET

1988–2024 | ZodiacEchoes Original Analysis

23 unique medalists · 30 medal awards · 7 charts

Methodology

Tropical geocentric planetary positions calculated at 12:00 UTC on recorded birth dates using Swiss Ephemeris. Birth times are unknown and not inferred.

Sign-frequency charts count each athlete once. The Mars by Medal chart counts each medal award separately, including repeat medalists.

Sydney 2000 has no awarded gold and two silver medalists in the accompanying results; Beijing 2008 has two silver medalists and no bronze.

Birth dates and Olympic results are documented in the accompanying CSV files. Source references: Olympedia, World Athletics, Swiss Ephemeris.
